Telehealth Options

To maximise the benefits of a Telehealth appointment, individuals must meet the following criteria. If these criteria cannot be met, a support person may need to attend the Telehealth session.

Eligibility

Physical Ability

- Walk around the house without help
- Hold an object with their hand
- No conditions that significantly effect balance

Vision & Hearing

- Hear device from at least 1m away
- See device from at least 1m away

Cognition & Communication

- Understand single step verbal instructions
- Verbally express any concerns
- Focus on the task at hand for a minimum of 20 minutes

How it works

Telehealth will be conducted via Microsoft Teams

Further detailed instructions will be provided prior to the appointment

Ready to start

Complete our website referral form

Select the service - Dietetics, Occupational Therapy, Physiotherapy or Speech Pathology

In the 'about your referral' section say 'telehealth'
